

Year 10 Remote Learning 10th March 2023

You have five remote lessons to complete today.

Each lesson is listed below.

You need to watch the lesson video for each subject and complete the work set by the teacher.

Each lesson links either to work you have been doing in school, a topic that your teachers want you to practice or an introduction to a new topic that you will be learning about in school later this term.

	Lesson topics:	Lesson instructions
English	<p>Language Skills - Non-Fiction – Reading</p> <p>Activity 1: Considering the writer's perspective: Pre-1900 - The Bazaars of Baghdad In this lesson, we will look at how understanding more about the contexts of Isabella Bird's writing helps us to make further observations about the ideas and attitudes communicated in her account 'The Bazaars of Baghdad'. In order to help us do this, we will look at information about Bird as a person, travel writing as a genre and about attitudes to female travellers. We will then use a writing frame to help us build a systematic response that reflects our new learning.</p> <p>Activity 2: Summarising ideas across two texts: Ondaatje and Bird In this lesson, we will be considering what the skill of summary requires by working with our two non-fiction texts, 'Journey to the Source of the Nile' and 'The Bazaars of Baghdad'. We will look at how we need to understand the focus of the question and select relevant supporting evidence to answer our question. Crucial to the process of summary is the skill of synthesising information across the two texts and showing what we have understood and inferred from the texts. During the course</p>	<p>Click on the link below and follow the instructions of the teacher in the video.</p> <p>Activity 1: Considering the writer's perspective: Pre-1900 - The Bazaars of Baghdad https://classroom.thenational.academy/lessons/considering-the-writers-perspective-pre-1900-the-bazaars-of-baghdad-c9h38d</p> <p>Activity 2: Summarising ideas across two texts: Ondaatje and Bird https://classroom.thenational.academy/lessons/summarising-ideas-across-two-texts-ondaatje-and-bird-75h68r</p>

	of the lesson, we will break down the process and experiment with sentence stems to support our written responses.	
Maths	<p>Foundation: Linear Sequences Triangular and Fibonacci style sequences In this lesson, we will be learning about triangular and Fibonacci style sequences. We will use arrays to aid visualising how sequences expand.</p> <p>Higher: Quadratic Graphs 1 (a=1) Solving Quadratic Equations Graphically In this lesson, we will interpret graphs of quadratic equations in order to find their solutions. We will investigate the key features of quadratic graphs that help us identify their solutions.</p>	<p>Click on the link below and follow the instructions of the teacher in the video.</p> <p>Foundation: https://classroom.thenational.academy/lessons/triangular-and-fibonacci-style-sequences-69gk8d</p> <p>Higher: https://classroom.thenational.academy/lessons/solving-quadratic-equations-graphically-6cr6ad</p>
Science	In this lesson you will learn about the gravitational potential store	<p>Click on the link below and follow the instructions of the teacher in the video. https://continuityoak.org.uk/Lessons?r=2663</p> <p>Intro quiz questions: https://continuityoak.org.uk/Lessons?r=5246</p> <p>Worksheet: https://continuityoak.org.uk/Lessons?r=2473</p> <p>Exit questions: https://continuityoak.org.uk/Lessons?r=5244</p>
PSHE	<p>Social media and reality In this lesson, we will learn about social media and reality.</p>	<p>Click on the link below and follow the instructions of the teacher in the video. https://classroom.thenational.academy/lessons/social-media-and-reality-71gked</p>
Physical Education	<p>Jumping for height In this lesson, we will be learning the key elements required for jumping for height and challenging yourself to apply these skills in various challenges.</p>	<p>Click on the link below and follow the instructions of the teacher in the video. https://classroom.thenational.academy/lessons/jumping-for-height-6rt32t</p>
